JLC Solutions is proud to announce our new **Heated Tablet Enclosure** for the Apple iPad ®. This enclosure will eliminate condensation, fogging and freezing of the iPad ® tablet caused by cold temperature and humidity changes. The JLC **Heated Tablet Enclosure** will enable the iPad ® to operate at temperatures exceeding -25F.

The **Heated Tablet Enclosure** serves as a lightweight, rugged and secure storage device that protects the tablet from damage, moisture and sub-freezing temperatures while it also protects the display screen from scratches.

The unique design allows the enclosure to protect the tablet by absorbing shocks from bumps, cracked floors and potholes. The **Heated Tablet Enclosure** will keep the iPad ® charged at all times and requires no power converters for the heater or the tablet.

The thermostatically controlled enclosure is a reliable solution by a company that has been designing and manufacturing scanner and terminal heaters for nearly 20 years.

Heated Tablet Enclosure for The Apple iPad ®
Product Specifications

Part Number	Description
840-12	Heated iPad ® Tablet Enclosure, 12 Volt
840	Heated iPad ® Tablet Enclosure, 24/36/48 Volt

Mechanical	
Dimensions	12 1/8" x 8 1/8" x 1 3/4" 30.7 x 20.6 x 4.44 cm
Weight	5 lbs
Mounting	Ram Mount

Environmental	
Dust and Water	
Dust	Dust will not interfere with the product. Protected from total dust ingress.
Water	Protected against splashing water. Water splashed against the enclosure from any direction shall have no harmful effect.
Operating Temperature	-25F - +95F -30C - +35C
Storage Temperature	-4F + 113F -20C - +45C

Specifications are subject to change without notice

Product Specifications

Electrical	
RoHS Compliant	REACH Compliant
Operating Voltage	12 - 48 Volt DC
Polarity	Independent, protected from reverse installations Overtemp protection fused at +250F (+121C)
Indicators	Power On Green LED Heater On Red LED
Operating Current	With Heater On: <u>24V</u> <u>36V</u> <u>48V</u> Temp On 72F 72F 72F 22C 22C 22C With Heater Off: <u>24V</u> <u>36V</u> <u>48V</u> Temps Off 88F 88F 88F 31C 31C 31C

Warranty	
Standard	The factory warranty is one (1) year limited parts and labor.
